Dear Sir: Patent Application: 10/626,888 Petition to Revive

We received notice of allowance for this patent application from USPTO examiner VU Ngoc Yen T, Oct. 09/10, but we did not apparently receive a notice that an issue fee and a publication fee were due.

Today we called the USPTO, Office of Petitions and discovered that a \$300 publication fee and a \$755 issue fee are due. We apologize for missing this requirement but we were not aware of these fees. Please excuse us for being late with these fees – a separate cheque is enclosed for each of these fees.

Also we understand from today's discussion that an additional fee of \$810 may be required for a Petition to Revive. If it is needed, we have also enclosed a cheque for \$810.

Please accept our error in not knowing these fees were required and please proceed with the issue of our patent application No. 10/626,888.

Thank you for your understanding.

Sincerely,

Frank Bunn
